Thanks for taking the time to visit my fundraising page. Cancer is happening right now, which is why I’m fundraising right now for Cancer Research UK. There’s no time to lose! Donate to my page today and help bring forward the day when all cancers are cured. This week on The Real Housewives of Orange County, Lauri Peterson started a war with Vicki Gunvalson when she made a claim that she had once caught Vicki in bed with another man and another woman while the reality star was still married to her ex-husband Donn Gunvalson.Listen! 'RHOP' star Wendy Osefo breaks down the “most intense fight in the show's history” in under 2 minutes.Vicki quickly took to her social media accounts to clear up the allegations. She claimed that the other woman in bed with her that day was her sister and that she wasn’t cheating on Donn. She also suggested that “Lauri needs to get her head checked.”Article continues below advertisementWith the ball back in Lauri’s court, Lauri blogged about it on June 5 to explain how she used to be “good friends” with Vicki years ago until one day when Vicki pulled an unforgivable stunt.“My friendship with Vicki ended seven months after I met George Peterson,” Vicki wrote. “Vicki and I were working in the office one day, when a woman called asking for Vicki. The phone call that Vicki took, I will later discover to have been George's ex-wife's mother.”The next day, Lauri received a call from her RHOC co-star Jeana Kough and Jeana told Lauri that Vicki had gotten an email from George's ex-wife's mother and that Vicki had been instructed to deliver the email to Lauri. Unfortunately, Vicki distributed the email to everyone but Lauri – and Lauri had to read the email full of “slandorous lies” only after Jeana forwarded it to her.“To learn that Vicki had (1) accepted a phone call from George's ex-wife's spiteful mother (2) entertained her for more than five seconds (3) provided her personal email to her (4) later received an email (5) failed to mention the call and (6) that she failed to mention the email was beyond belief to me,” Lauri said in her blog.Article continues below advertisementThis whole controversy changed the status of Lauri and Vicki’s relationship.“The act that ended our friendship, was when she forwarded that slanderous email she received, intended for me, to everyone but me,” Lauri explained. “That action alone, I found to be malicious, evil, and vicious. That was definitely not what a ‘friend’ does to a friend!Lauri continued, “I was really hurt and upset with Vicki but even more angry with myself for thinking she was a friend... I would not define our relationship as friends today.”So, years later, Lauri had no problem sharing details about Vicki’s past wrongdoings.“Over the years with Vicki, back when we were what I considered to be ‘good friends,’ she confided in me a lot in regards to her personal life,” Lauri said in her blog. “She spoke candidly and opening about other men.”Lauri added, “Even though I personally didn’t agree with her actions and choices, I kept my opinions to myself.”Article continues below advertisementBut that all changed when she found out that “Vicki had accused Gretchen Rossi of cheating on Jeff Beitzel during their engagement.”“Of all things to call Gretchen out on, infidelity probably shouldn’t have been the one Vicki chose, especially knowing what Vicki had told me over the years during her marriage to Don and what I had personally witnessed on more than one occasion,” Lauri said. “It was the hypocrisy of it all that got to me.”Lauri concluded, “I do not condone cheating!” The Office of Community Services (OCS) partners with states, communities and agencies to reduce the causes of poverty, increase opportunity and economic security of individuals and families and revitalize communities. Lauri is living the life of a privileged South Orange County wife -- lavish dinners, horseback riding at sunset, massage dates with her husband, who is a successful Orange County real estate developer. And, Lauri never fails to flaunt it. During a private shopping party with the housewives, she pulls out her black American Express card, proudly announcing it's a gift from George. Yes, she leads a privileged life, but not all is perfect. Lauri reveals that 45 days after coming out of rehab, her son, Josh, has slipped back to his old ways of drug use. He's been picked up for possession and possible intent to sell. It's tearing Lauri up because she finally realizes the depth of Josh's illness and just how helpless she is -- "I can't fix Josh, I can love and support him when he recovers, but I can't fix him." Although difficult, she admits that it's time for her to pull back. These days Lauri is spending more time with her other kids and is focused on trying to be a good mom and step mom. Lauri is haunted by regret, wondering if only she could go back in time to when Josh was three. Maybe she could have changed things for him. It may be too late for Josh, but perhaps she can make a positive difference with her other kids. Shows @ShannonBeador @RHOC\_KellyDodd @elizalynvargas @ShannonBeador @RHOC\_KellyDodd @elizalynvargas It's been quite the year for The Real Housewives of Orange County alum Lauri Peterson. After her son Josh Waring was released from jail back in March after accepting a plea deal in his attempted murder case, the RHOC alum has offered an update on how he's doing today. On December 20, Lauri posted a photo of her with her son, along with an emotional message to celebrate his birthday. "As you celebrate this great day, know that life has opened up a new chapter for you. May you always begin each day with optimism and gratitude, for they will always lead you to happiness and peace. You are surrounded by love!!!" she wrote. Josh is parent to one daughter, Kennady, who Lauri adopted back in 2015. And as you can see from some recent photos Lauri posted, Kennady has been living her best life with the RHOC alum and her husband of 12 years, George Peterson. Kennady, who started second grade this year, recently turned 8, which left Lauri and George in their feelings. George wrote on Instagram, "Can't believe it's been 8 years now! Happy Big 8th Birthday to Kennady! Such an amazing girl that adds happiness to our lives and others everyday." Lauri added, "Oh my....where has the time gone!" And the trio has definitely been getting in the holiday spirit.
